

Expecting? We are there for you!

Donum vitae Münster e.V. is an officially recognized counselling center.

- We offer support when you are in a conflict of pregnancy (§§ 218 /219 StGB)
- We support you and offer accompanying advice for future parents and for young parents
- We support and advice you when you consider prenatal testing (PNT / PND)
- We inform about love, sexuality and contraception

We inform you about your legal rights and about different ways to receive financial aid. We also assist you to apply for financial aid. We support you when you have questions concerning the public administration.

We are there after an abortion and we help you to find new perspectives for your life.

We help to find a daycare suitable for your child and you. We also help when you have conflicts in the family or at work.

We advise and support you with psychosocial counselling before prenatal testing. We take all the time you need to answer questions and to consider your very own situation.

When you suffer under an unfulfilled wish for a child we advise and counsel you about your options.

Our counselling is always free of charge.

We are there for you no matter which religion or nationality you belong to. Women and men are welcome with their questions.

Our counsellors always observe the utmost discretion!
